

## P/N 6485-001 & 6485-006

Our Training Protective Breathing Equipment (PBE) feels and operates like the real thing. The training PBE comes complete with simulated actuation clips (or Red ball cord assembly), weighted dummy O<sub>2</sub> cylinders and removable neck seal. The training PBE, including the actuation systems, are approved by the Essex Industries, the PBE's OEM. The hood is similar shape, colour and weight to the Original Equipment Manufacturer (OEM) PBE.

**Red ball pull cord  
6485-003**

**Clip Cord Assembly  
6485-007**

**Activation Simulation – Model -001**

**Activation Force Tested – Model-001**

**Activation Simulation – Model -006**

**Activation Force Tested – Model-006**

<b>Color</b>	9 Grey
<b>Appearance</b>	Grey fabric with yellow visor, including breathing holes
<b>Weight</b>	1.75 lbs. / 795g.
<b>Dimensions</b>	11.5" x 16" x 11.5" (29.2cm x 40.6cm x 29.2cm)
<b>Activation Simulation – Model -001</b>	Red ball pull cord
<b>Activation Force Tested – Model-001</b>	9 to 10 lbs (4 to 4.5kg)
<b>Activation Simulation – Model -006</b>	Side bars and grey clips
<b>Activation Force Tested – Model-006</b>	20 to 21 lbs (9 to 9.5kg)
<b>Donning Speed</b>	Under 15 seconds
<b>Material</b>	PVC/Pester 1000 Denier – Fire Retardant (2sec. self ext.)
<b>Visor</b>	Clear-Yellow Vinyl, 0.014" Thick
<b>Cleaning</b>	Hand wash with Mild soap / detergent – Air Dry
<b>Neck Seal</b>	Replaceable. PBE includes one non-latex neck seal installed
<b>Replaceable Component</b>	Activation clips: 6485-001 Model = Red ball clip (p/n 6485-003) 6485-006 Model = Grey cord & clip assembly (p/n 6485-007)
<b>Accessories</b>	Re-usable orange pouch (p/n 6445-001)
<b>Markings</b>	Front stencil "For training use only"
