

## P/N 87481-001

The Tulmar Air Liquide-style Protective Breathing Equipment (PBE) was designed specifically for cabin crew training. It was built to replicate the use of the real aircraft product but adapted to sustain the rigors of repeated training.

The training PBE comes complete with simulated activation system, weighed cylinder (ring) and a removable neck seal. The PBE is similar in shape, colour and weight to the Original Equipment Manufacturer (OEM)'s.

<b>Color</b>	9 Grey / Black
<b>Appearance</b>	Matt, Long front with simulated tank in front pocket
<b>Weight</b>	3.35lbs (1520g)
<b>Dimensions</b>	14.5" x 12.5" x 12" (36.8cm x 31.75cm x 30.5cm)
<b>Activation Simulation</b>	Circular O <sup>2</sup> tank (dummy) with simulated pull activation & dummy CO <sup>2</sup> scrubbers
<b>Donning Speed</b>	Under 8 seconds
<b>Material</b>	PVC/Pester Cloth – 1000 Denier, Fire Retardant (2sec. self ext.) / Black nylon mesh with finish
<b>Visor</b>	Clear Lexan – Abrasion Resistant / Protective film for shipping (remove before use)
<b>Cleaning</b>	Mild soap
<b>Neck Seal</b>	Replaceable. PBE includes one non-latex neck seal installed
<b>Voice Box</b>	Replicated voice box, with black speaking diaphragm
<b>Markings</b>	Front stencils "FOR TRAINING USE ONLY"
