6412-001	Non-Latex Neck Piece
6444-104	Re-Usable Pouch
6444-106	PBE Box Assembly

## FEATURES

### REALISM

Our PBE feels and operates like the real thing. The training PBE comes complete with a simulated ignition candle, rear actuation pin, head band and weighted dummy O<sub>2</sub> generator. The hood is similar shape, colour and weight to the OEM PBE.

### EASE OF USE

The O<sub>2</sub> generator candle is reset in seconds by repositioning the plunger with a finger. No need for special tools.

### DURABILITY

We use robust materials that can withstand the rigors of the training environment.

### WASHABLE

The PBE can be completely dismantled so the textile portion of the product can be placed into a conventional wash machine.

### REPAIRABLE

Tulmar can provide repairs to textile portion of the PBE and provide replacement parts that experience wear through repeated use.

### NON-LATEX NECK PIECE

Our standard neck piece is now EPDM rubber. We can offer latex or non-latex replacement neck pieces.
