

P/N 85071-001 (Standard) / 87448-001 (Extended)

Tulmar developed this side-wall cargo net for US Special Forces. Qualified by NAVAIR, the net is constructed from nylon webbing with adjustable ratchet buckles. It provides an inexpensive, simple solution to enhance the CV-22 cabin, allowing more efficient loading and stowage of items typically carried in the cargo compartment.

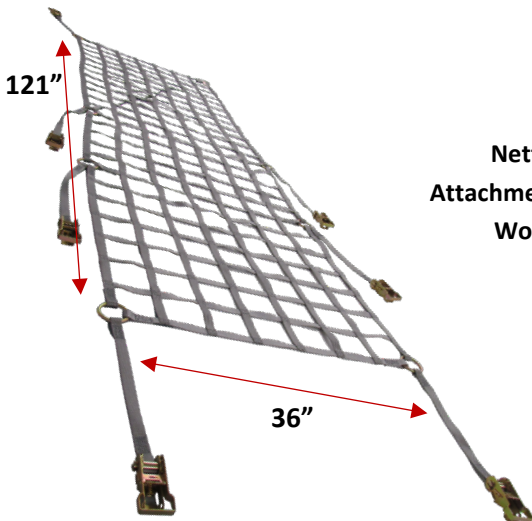

NAVAIR / NAWCAD Approved.
