

TULMAR

Heavy Duty Cargo Nets

Tailored for the V-22 Osprey Aircraft.
Designed for Forces.

PRODUCT INFO & DETAILS

Tulmar's Line of Cargo Nets for the V-22 Osprey includes 3 key options to cater to your various needs. Constructed from nylon webbing and adjustable ratchet buckles, this sidewall cargo net provides an inexpensive, simple solution to enhance the CV-22 cabin, allowing more efficient loading and stowage of items typically carried in the cargo compartment.

These nets are built to last, rigorously tested to ensure they can use repeated use, heavy loads – up to 3600lbs with no failure!

Side Wall Cargo Net – Black

Working Load: 300 lbs. / 136kg

Dimensions: 37.7" x 37.7"

95.8cm x 95.8cm
